In preparation for FER, two new models are being added to the S9V2-VS model family. These models will supersede existing S9V2-VS models S9V2B080U3VSAB and S9V2B080D3VSAB.

Existing AHRI ratings with models S9V2B080U3VSAB and S9V2B080D3VSAB were matched where possible using the new 4 ton models. For a list of AHRI ratings, please visit the AHRI website, ahridirectory.org.

To view the full S9V2-VS post-FER model lineup, please see the chart to the right.
